

Flatbed (FB)

Innovative flatbed for versatile use with Eco Rail accessories or for transport. Flexible platform with several smart load securing possibilities that fold in automatically, makes it easy to transport different types of equipment or standard 20-foot containers.

Please contact us, to discuss flexible options for your use.

Main Features

- Several clamping possibilities
- Briab hooks
- Sockets for bunks
- Container connectors
- Plywood floor 25 mm
- Folding legs for easy lift on/off and parking
